Go, You Covered Baskets

The 25th anniversary event of the semester was the "Go, You Covered Baskets" event. This event was focused around helping fellow Aggies around campus by providing them with sanitary supplies. Sisters collected and gathered the supplies needed, then spent time writing encouraging letters to fellow Aggies. These baskets were placed around campus for others to use whenever needed. Thank you to Jocelyn Long (Vice Class) and the anniversary committee for another successful event.

Resume Workshop

The 25th anniversary event of the year reached out to our sisters with a career workshop. The workshop gave insight on how to best showcase yourself for a job or internship. Family Day

Family Day is quickly becoming one of our favorite traditions. A comedy tournament, mascot potato par, and fun games for everyone - what could be better! Obviously, sharing it with our favorite ones. This year, we even went a bit out with the option of getting matching Family Day t-shirts. Thanks to everyone who worked so hard to make this event as amazing as possible.

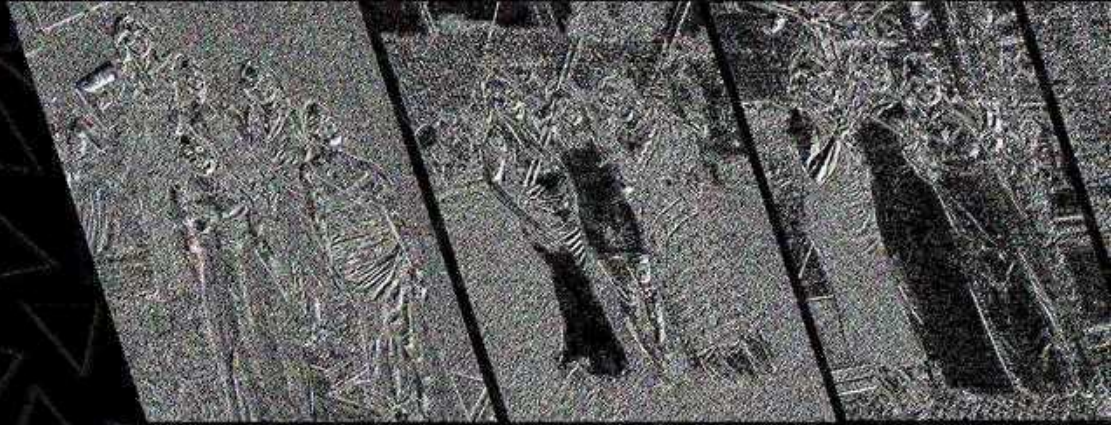

Adriana Hunter (Lace Class)

"It was so much fun seeing how my new family incorporated with my old one. Family day got to know my friends, friends and relatives. Love Family Day this year so much!"

Omega: Starry Night

Spring Omega is always an extravagant event, but this year's was an absolute work of art. Inspired by Van Gogh's Starry Night, with shades of the go, golden stars and moons, and an intricate scene. We celebrated the end of this semester with a great dinner and dessert, gorgeous decorations, a variety of potato potato parades, and maybe a little too much Jay or Swift from

Senior Seniors & Nominations

Senior Seniors was our final sisterhood event and a wonderful way to honor our seniors. Sisterhood committee worked very hard on making beautiful photo collages and gifts for our now alumnae. I was very privileged to have one session with our seniors and celebrate their commitment to A.O.E. over the years. It was hard to say goodbye, but we know our seniors will go off to achieve amazing things.

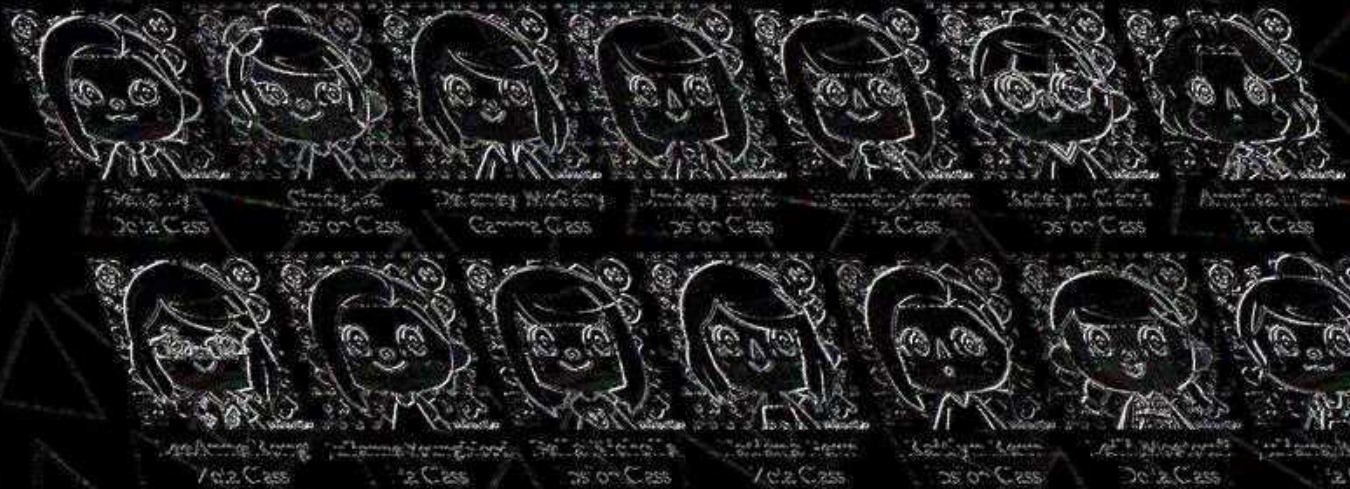

We don't realize how few senior seniors we have over the years in A.O.E. It was such a surprise for being the senior that we were celebrating. I know senior seniors was going to be special, so we decided to go to Aggie Park and saw how beautiful. Sisterhood Committee decorated for the occasion, my jaw literally dropped. I was so happy and felt so special and honored.

It literally looked like our "senior seniors" gathering was straight from a magazine, with the table cloths, flowers, and photo boards for each of the seniors. I think my favorite part of senior seniors was writing little messages on the sticky notes for the seniors. I actually took my sticky notes and placed them in the little scrap books we got from the committee at Alumnae Reunion. It was such a special way to wrap up the end of an era - our years' long by so much. Cass Taylor (3022 Cass)
